E & O.E. by jmap Clerk 29.1.2016 (SEE ALSO PAGE TWO BELOW\_

Bassenthwaite School positively encourages all governors to do regular training subject to funding available.

Note: Governors are volunteers, some self employed, some work evening to Employer led set pattern rota shifts - factors to be taken into consideration when reviewing this analysis.  
All Governors attended at various school Insets, Training or other workshops & Special Responsibility Seminars during school year 2015 & attend for regular action plans in 2016 to date.  
Governors issued with special update training for Governance , New Curriculum , Computer Science, Finance matters. **See also Minutes Book & previous Governor Training Records.**

**Governors regularly receive from Clerk & School Support documentation regarding training opportunities. Note: School Support Training Body (SLA) no longer exists since May 2014. School now has to “buy in” training as required via Facilitators or use School Consortia Cluster Group training arrangements and as per 2015 governance legislation.**
